THE HIGH SCHOOL

New Building Completed—Financial Situation in the District—List of Teachers and Salaries

The new high school building for which the Glendale Union High School district voted the sum of \$60,000, is practically completed and the fall term will open in the new building on Tuesday next.

The three-story brick structure presents a fine appearance as a whole and when examined in detail easily conveys the impression that it is not a difficult thing to put even more than \$60,000 into an up-to-date temple of learning. The contract price was \$44,000, and no taxpayer looking through the building can truly say that he has not received the worth of his money. The contract embraced a great many details that might strictly come under the head of "furnishings." Some of the rooms are supplied with tables, especially adapted for the work of the department using the room, and in every nook and corner there are little arrangements calculated for storage of all manner of things, while the hallways are full of individual "lockers" for the accommodation of students. In the basement is an immense boiler and all the necessary array of pipes and valves for producing, controlling and circulating just the degree of heat required in any particular part of the building. The ventilating system seems to be perfect, not only in the class and assembly rooms, but even in bath rooms, lockers and cupboards. There is a dynamo and a very complete electric light system. Fourteen clocks in as many different parts of the building, all controlled by one "Master" clock on one electric circuit, represent with a complete automatic bell system in connection therewith, a cost of about a thousand dollars. As the Glendale gas plant has not yet materialized, the high school has a complete plant of its own. There will be a dozen or more telephones in the building, with an ingenious arrangement of switches. On the ground floor are accommodations for manual training, domestic science, a large gymnasium, shower baths, lunch room, toilets, etc.

On the upper floor are the rooms for scientific—work, botany, physical geography, chemistry and physics. In connection with these is a lecture room with inclined floor designed for demonstrations in these specialties. The middle floor has the large class rooms, teachers' rooms, offices and the auditorium. This latter is equipped with a stage and there are about 400 seats now in place while by the shifting of a rear partition room can be secured for about 150 more. As a sample of cost it may be stated that these chairs for the auditorium cost \$3.15 apiece. Some 30 desks in the commercial department cost about \$8.00 apiece. Domestic science will not be taken up this year, neither will manual training, but it is hoped that these departments may soon be added to the course and meanwhile every convenience for them has been provided.

The Financial Part of It.

The cost of the ground upon which the building stands was about \$20,000. The heating arrangements cost about \$6,000, and the building itself \$44,000. It is apparent, therefore, that the amount realized from the sale of bonds (\$60,812), has been exceeded by over \$9,000. This was anticipated, but the trustees depended upon realizing \$15,000 on the sale of the old high school lots, which they have as yet been unable to do. Hence the call for a bond election. Twenty-five per cent of the contract price yet remains to be paid, according to the terms of the contract "thirty-five days after the acceptance of the building." The people of the district are therefore confronted with a "condition, not a theory." The immense amount of money gathered in taxes each year for the support of schools is not fully realized by the people. A few figures in connection with the high school will therefore be of interest. The total expenditure of the Glendale high school district for last year was \$19,706.18. It will, no doubt, surprise many people to learn that the trustees are the sole judges of the amount that the people of the district shall be taxed for the support of the high school. At least this is the case in effect. They take the small amount allotted the district by the state, amounting last year to \$1527, figure up how much more they will require and request the county superintendent to have the supervisors add that amount to the tax levy on the district. Last year they asked for this

district the sum of \$14,000, receiving \$17,114.67. This year \$16,000 will be asked for. The assessed valuation of the district last year was \$3,706,919. Glendale city's valuation being \$1,319,462, or about one-third of the whole value of the district. Glendale city for the coming year will contribute over \$5000 for the support of the high school aside from its proportion of bonded indebtedness. The money for the coming year will not be available until December, therefore it is necessary that there should be enough carried from year to year to pay the expenses of the first four months of the school year. This district now has to its credit to begin the new year with the sum of \$8557.66 in the fund created by local taxation, \$3138.48 in the state fund and \$1317.83 in the building fund. Funds cannot legally be transferred from one fund to another, so that the amount needed in that fund here cannot be supplied from any but the amount in the building fund.

THE WORK AND THE WORKERS FOR THE COMING YEAR.

Heretofore the work of the school here has had to conform to university requirements, but the last legislature loosened up the law a little in this respect, so that students will not be held down to hard and fast rules which will compel them to fill up on mental pabulum which they do not want. Now the work will be broadened and a student may enter the school and elect to take such studies as he pleases provided he does not care to take university, normal or commercial course. A very important addition to the usefulness of the school this year will be the commercial course to be installed under the direction of Mr. C. L. Gates, from the Sherman Institute at Riverside. It will now be possible for students during their four years in the school to secure a full commercial course which will enable them at once to make their way in the business world.

There has been a general raise in salaries here as well as elsewhere throughout the county, made necessary by the action of the Los Angeles board of education which raised salaries by grades up to the \$1500 limit, giving that yearly salary after four years' service. The following is a list of the faculty of the Glendale high school for the coming year, with salaries:

G. U. Moyse, principal, math.	\$2000
H. L. Howe, vice prin. history	1500
Ethel Hume Flood, latin	1150
C. L. Gates, commercial dept.	1200

Other Districts.

For the purposes of comparison the assessed valuation of a few other high school districts last year is given here with:

YOUNG PEOPLE ENTERTAIN.

The home of Mr. and Mrs. Frank Zerr of Jackson street was the center of attraction for a crowd of young people from Los Angeles, Imperial and several other out-of-town places, on Tuesday evening, when Elijah and Angeline Zerr entertained their friends—old friendships formed before coming to Glendale.

The evening was spent in dancing with an orchestra of "home talent"—Miss Klunckle at the piano and Elijah Zerr playing the violin.

Games were enjoyed on the lawn and refreshments served.

Hazel Royce, who has been spending a portion of her vacation at Somerset Farm, has returned to her mother's in Los Angeles, and will resume her school work there.

The late camp companions of Mr. Alex Mitchell are retelling some of his best stories, but we are requested to demand of him that the one about the "kid glove" be repeated.

Mr. Lentz, of the real estate firm of H. G. Cotton & Co., Los Angeles, visited Glendale Thursday. The firm which Mr. Lentz represents made the sale of Mr. Brand's property to Mr. Engert.

Mr. Lucien Small is visiting his home in Glendale. Mr. Small is now located at the oil wells in the McKittick district. He reports a temporary cessation of work there by the wells in general.

Mr. D. R. Easton has gone back to his old business and is now hustling real estate in Glendale and Los Angeles. Mr. Easton will, no doubt, make things move and do his share in building up this section.

Mrs. Otto Rynan of Los Angeles, with her little boy, visited Glendale last Saturday, taking dinner with Mrs. H. D. Brown, a former neighbor. They think Glendale is the most beautiful of the suburbs of Los Angeles.

Mr. Crutcher, who with his family has been residing on Adams street, near Fourth, has rented his house to Rev. Eaton, of Monrovia, who will occupy it in a few days. Mr. Crutcher and family have gone to San Bernardino.

Judge Whomes of Ninth street informs us that he has wonderberries to throw at the birds or any other old thing that comes along. The quantity is all right, but he refuses to become enthusiastic over their quality as an edible.

Gerald F. Muir, who until recently has been residing in Glendale, where he got into trouble by signing bank checks without the formality of first opening a bank account, is being searched for by Los Angeles authorities for a series of the same offenses.

Mr. and Mrs. Wm. Jack of Fresno made a two days' visit to their cousins, Mr. and Mrs. H. D. Brown of Chestnut street, Tuesday and Wednesday last. They saw Glendale's many attractive features and are impressed with a desire to make it their home, which they will probably do in the near future.

Miss Ida M. Waite is among the returning Glendale people who have been spending the past several weeks in Oregon and Washington and at the Seattle Fair. Miss Waite is greatly impressed by the northern portion of the coast which she has visited, and has had a delightful time visiting friends, enjoying the scenery and getting acquainted with a part of our country which is to the most of us unknown.

On Monday, Dr. and Mrs. Hurt and Mrs. Bundy entertained informally with a lawn fete. The evening was made delightful by bright and interesting conversation on the part of the guests. Mr. E. C. Frank, the artist, contributed much pleasure by his description of scenes and anecdotes which are told on canvas in his wonderful collection of paintings. Light refreshments were served and all departed with the memory of a delightful evening.

Our fellow townsman, Mr. J. M. Benedict, who is traveling in Utah selling things to the Saints (and others) sends us the following clipping and his "kindest regards to Glendale, the best place on earth."

"I dreamed that I slept in an editor's bed. When the editor was not nigh, And I thought as I lay in that downy couch, How easy editors lie!"

Mrs. E. T. Byram and Miss Ruth Byram returned to their Glendale home Tuesday last from their trip to Alaska, Washington and the Seattle exposition. The trip came up to their expectations and they enjoyed it to the limit, returning home in better health and better satisfied than ever to remain in Glendale. During their absence they visited Mr. and Mrs. Henry Kepke, former well-known residents of Glendale and Tropic, whom they found in good health and prosperous.

BUSINESS CHANGES—SOME IMPORTANT DEALS.

As rumored two weeks ago, and now definitely announced, Mr. L. C. Brand has sold all his business blocks on Brand boulevard between Third and Fourth streets. The purchaser is Mr. Joseph Engert of Los Angeles, who is looking about for an investment saw Glendale and was impressed by its prospects for a bright future. The property has a frontage of 290 feet on Brand boulevard and consists of the First National Bank building, two one-story brick blocks, and the Woods Hotel building. All of the business rooms on the ground floor are occupied with the exception of one, and the second floors are also well filled. Mr. Engert has come into the possession of a fine property here and will, no doubt, henceforth be an important factor in the upbuilding of the city in the future, as was Mr. Brand in times past.

It was announced on Wednesday last that Mr. Brand had also disposed of his interest in the First National Bank of Glendale to Messrs. Wm. Lee, Ed. Lee, W. W. Lee and M. P. Harrison, of Glendale, who will hereafter control that institution. The Messrs. Lee were in the banking business in New London, Iowa, for several years before coming to Glendale some four or five years ago.

Mr. J. N. Sanborn has sold the Glendale Feed and Fuel business, which he has been conducting on Glendale avenue for two or three years past, to Mr. G. J. Fanning, recently from Chicago, where he has been engaged in the wholesale business.

The Valley Supply Co., Messrs. Robbins and Dannels, have sold their feed, fuel and ice business to Mr. H. F. Coker of Glendale.

Mr. T. O. Pierce has disposed of his livery business to his brother, Mr. W. J. Pierce, formerly of Noss City, Kas. Mr. Pierce expects to exchange his Glendale realty for farming land near Banning.

The grounds surrounding the house were beautifully lighted with Chinese lanterns. The entire evening was spent out of doors in games, and a general social time, after which all were invited to take seats in the beautiful small park and partake of cream and cake, which was plentifully supplied by the two societies. It is impossible to determine the masses of the individual planetoids, for their disturbing effects on other bodies are absolutely inappreciable. It is stated that if their combined mass were as great as one one-hundredth that of the earth, they would produce perturbations in the motions of the planet Mars which observations of this planet fail to disclose. In fact, Roszel estimated the aggregate mass of those so far discovered at less than 1-3000 that of the earth.

structed on the official line and grade) in accordance with the Specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 2.

Section 2. That the Board of Trustees of the City of Glendale finds upon estimates directed to be furnished and furnished by the City Engineer, that the total cost of said improvements will be greater than fifty cents per front foot along each side of said street, including the cost of intersections, and it is hereby determined in pursuance of an Act of the Legislature of the State of California, approved February 27, 1893, as amended by an Act of the Legislature of the State of California, amending said last named Act, which amending Act became a law March 2, 1899, that bonds shall be issued to represent the cost of said improvements; said bonds shall be serial, extending over a period of ten years and an even proportion of the principal sum of such bonds shall be payable annually by coupon, on the second day of January of each year after their date, until the whole are paid and said bonds shall bear interest at the rate of seven (7) per cent. per annum on all sums unpaid; payable semi-annually by coupon, on the second days of January and July of each year.

SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON

By Rev. Dr. Linscott for the International Newspaper Bible Study Club.

September 5th, 1909.

(Copyright, 1909, by Rev. T. S. Linscott, D.D.)
Paul's Third Missionary Journey. Farewells. Acts 20:23-38.

Golden Text—I can do all things through Christ which strengtheneth me. Phil. 4:13.

Verse 2—What effect does Paul's method of "exhortation" of the brethren have, when practiced in these days?

Verse 2—Do enemies in these days, either in the flesh or spirit, constantly lie in wait for the Christian?

Have our God formed plans, for the future, sometimes got to be changed to meet the tactics of the enemy?

Verses 4-6—It would look as if these leading evangelists of the new religion would be needed elsewhere than with Paul; say therefore, what advantage it was to them, or Paul, or the cause, that they were with him?

What help is it to a preacher, or a Christian worker, to listen for some days to a man like Paul?

Where were Philippi and Troas situated?

Verses 7-12—Does verse seven indicate that it was the practice of the early Christians to "break bread" together on the first day of each week?

What can you say against or in favor of the unmistakable demand which exists for short sermons. In view of this incident? (This question must be answered in writing by members of the club.)

Why is it that church members will listen, unwearying, for two hours to a political speech, and get tired of even a good sermon if it lasts longer than thirty minutes?

Can you blame this young man Eutychus, for going to sleep under a sermon several hours long?

Verses 13-16—As a geographical exercise look up on the map the places mentioned in verses 13 to 16, and say where they are situated.

Verses 17-21—Paul here opens his heart, and gives his personal experience without any of the art of the orator; would it be more Christian, and more practical, if modern preachers would constantly give their experience in their sermons, thus furnishing concrete examples of the power of the Gospel?

Verse 22—Would it help us to know in detail, the things that are to happen to us in the future?

What is the meaning of "go bound in the spirit to Jerusalem?"

Must such inward convictions, as Paul had, always be heeded?

If we disobey these oughts of the soul, what will be the effect upon our spiritual life?

Verse 23—Is it usual, or common, for God to give to spiritual men a glimpse into the outlines of the future?

Verse 24—Has each Christian as distinct a mission as Paul had?

Which should we rather sacrifice, our life, or the accomplishment of our mission?

Should our last farewells, to our beloved friends, be sad or glad?

Verses 26-27—Is it improper boasting for a faithful man to say that he has done his whole duty?

Should every minister be able to say as Paul said in verse 27?

Verse 28—What is the proper "feed" for the church of God?

Verses 29-31—In view of the fact that "wolves" are always on our track, what should be our attitude?

What are our present dangers from within the church?

Verse 32—What is the only sure and certain protection for the Christian?

Verses 33-35—May any man "covet" riches, and be well pleasing to God?

What is at once, the supreme duty and the greatest luxury of the Christian life?

Verses 36-38—What lessons may we learn from this touching parting scene?

Mrs. J. H. Seaman spent Tuesday in Los Angeles visiting friends.

Born, to Mr. and Mrs. Oliver J. Merrill, Monday morning, a bouncing girl.

Charles Wretts of Los Angeles was a guest of Miss Fannie Marple last Sunday.

Miss Hickman was the guest of Mrs. Frank Biedermann of Sierra Madre over Sunday.

Miss Anna Black and her niece Miss Anna Kooztz have returned from a week's visit at Avalon.

Mr. and Mrs. L. W. Pratt of Glendale avenue are entertaining friends from the east at their home.

Mr. L. C. Rice returned Monday from an extended business trip to San Francisco and other northern cities.

Leo Light returned from San Fernando Monday, where he spent a week with his sister, Mrs. Albert Harris.

S. L. Borthick, W. R. Borthick, Mrs. Ira Tucker and Forest Tucker attended the Missouri picnic at Redondo Sunday.

Mr. and Mrs. John Hobbs and daughters, Misses Katherine and Dorothy, have returned from a pleasant sojourn at Avalon.

Eugene Imler returned from Imperial Saturday, where he has spent the past six weeks with his father, D. H. Imler, on their ranch.

John H. Seaman has returned from a business as well as pleasure trip to Seattle very much pleased with the Exposition and all in general.

Leon White is expected home the early part of next week from a camping trip which he has been enjoying at Sturdivant's camp in the Little Santa Anita canyon.

W. O. Borthick has purchased the lot on the northeast corner of Home court and Brand boulevard. The lot was bought from Mr. Stubbinsfield and the price paid was about \$750.

Music and dancing furnished a most interesting program to a merry party who assembled to spend an evening with these two popular college girls, who left shortly for Palo Alto.

Mrs. E. W. Richardson tendered her daughter, Miss Eulalia Richardson and Miss Alta Stone a farewell party, at Logan's hall, Saturday evening. Mrs. Richardson was assisted by a number of Miss Richardson and Miss Stone's former classmates.

Rev. M. M. Eshelman, a former well known resident of Tropic, who has recently been residing in Los Angeles and elsewhere, has returned to his first love and is building a house on Bianchi avenue, into which he will move with his family.

Rev. J. W. Utter, pastor of the Christian church of the valley, is expected home the early part of next week from a several weeks' camping trip which he has been enjoying in the little Santa Anita canyon. Mr. Utter's family have been with him on this camping trip.

The Tropic Feed and Fuel Company is making a number of improvements at their headquarters at the junction of the San Fernando road and Central avenue. A large house has been erected in which to store alfalfa hay and a wood yard has also been fenced in. Box stalls and corrals have been built for the company's horses.

Joseph Marple, Jr., Miss Fannie Marple and Albert Marple returned last Saturday from a camping trip of several weeks in the mountains on the east slope of Mt. Wilson. They went with a party of about thirty friends and the time proved very delightful. Bert is a little proud of the skins of three large rattlers which he killed while in camp.

A small gang of Mexicans have been busy the past week improving the tracks of the Salt Lake company which run through this place. The section of the track which they have covered appears really presentable, although it would be a great deal more so were the tracks lowered to the grade of the street, as has been asked by the residents along this line.

The telephone companies whose lines run along Central avenue, are trimming the tops of the pepper trees on the eastern side of the avenue. This service may prove of value to the companies, but it does anything but improve the appearance of the street. This is one instance in which the people of this place are unable to prevent the disfiguring of the street. Such work could be avoided and regulated if the town were incorporated.

Glen Elyrie Chapter, Order of the Eastern Star, gives a picnic at Long Beach September 9. Admission Day. A cordial invitation is extended every member of Glen Elyrie and their families, all visiting members of the Eastern Star who are residing or sojourning in the valley, as well as friends of Glen Elyrie Chapter to join in making this annual picnic a most pleasant as well as memorable one. The committee having the arrangements in charge comprises Mrs. W. J. Blain, Mrs. Frank Albright, Mrs. J. J. Hunchberger, Mrs. Wesley H. Bullis and Mr. Edward Emery.

TROPICO CHURCH NOTES.

Presbyterian.

Rev. Theodore Hopping preached an excellent sermon last Sunday morning. Rev. Shoemaker, pastor of this church, preached at the First Presbyterian church of Long Beach. Next Sunday morning Rev. Shoemaker will preach at this church, while in the evening there will be a special song service. The pastor of this church is home again after a visit of ten days at Long Beach, and is taking up the work with renewed energy.

On account of the absence of so many on vacations the first of the sermons on the Sabbath (Jewish and Christian) will not be preached until Sunday evening, September 19th. On Sunday evening, September 12, the services will be conducted by the Fishermen's Club of Los Angeles.

Methodist.

Although last Sunday was an unusually warm day our Sunday School had an increase in attendance over the previous Sunday, including several new scholars. The cradle roll is having an encouraging advance in number. Last Sunday the congregations were excellent both morning and evening, considering the oppressive atmospheric conditions. We had one addition to the church by transfer.

We are now near the end of the conference year and the pastor hopes that all the congregation will unite in making a clear record for the year.

ARRESTED ON FALSE CHARGE.

On complaint made by Mrs. Brown, who lives at the Southern Pacific section house just west of the S. P. tracks at this place, five Spaniards were arrested early last Monday morning, accused of the theft of a satchel.

When they were brought before Judge Melrose, that official recommended that they be confined in an empty freight car for the night and a hearing be held early Monday morning.

This was done, and on account of some misunderstanding the hearing was not held Monday morning, it being postponed until Tuesday. When the hearing was called on Tuesday Mrs. Brown refused to swear to the complaint against the men, and on account of lack of evidence they were dismissed. The men had not been seen entering the place, neither had the satchel, which was reported as having been stolen, found in their possession.

There were positively no grounds on which the prisoners could have been held.

EAST SIDE GROCERY SOLD.

The Tropic East Side grocery which is situated on the corner of Glendale avenue and Cypress streets, has been purchased by L. M. Sniff of Indiana, an old-time grocerman. J. W. Dutton, former owner and manager of the store, relinquished his claim on the stock and fixtures a week last Monday morning. A. A. Carter, formerly identified with the Tropic Mercantile Company and later with the Tropic Feed and Fuel Company, is now general manager of the East Side grocery and promises to give the people of this place excellent service and the finest of catables.

The stock will be enlarged to about twice its present size and a full line of notions and stationery will be installed.

EAGLE ROCK NEWS.

Mrs. Harry Bourne is visiting friends at Sunset Beach.

Mrs. F. H. Bryan of Acacia avenue spent Thursday visiting in Ocean Park.

Mr. and Mrs. Howard of Stanley avenue have returned home from the North.

Mr. John T. Bailey and family of Kenilworth avenue have a cottage at Ocean Park.

We learn from a reliable source that Eagle Rock is soon to be wired for electric lights.

Mr. and Mrs. Godfrey Edwards of Royal Drive are staying at their summer home at Sunset Beach.

Considerable damage was done to the fruits and vegetables, the figs and tomatoes suffered the most damage during the hot weather.

Mrs. W. E. Warden of Paloma avenue gave a birthday party to her son Herbert, who was seven years old Wednesday, a number of guests from Los Angeles, New York and Eagle Rock valleys attended.
